A Note from Melanie

Art will enrich each of us and the world would be a bleak place without the beauty created by artists using many different methods of interpretation.

Art offers an avenue of freedom of expression and benefits all individuals regardless of age. When you enter the world of art, you will be forever changed.

Contract

I have read the enclosed information and agree to the following:

- I must notify Painter's Palette upon deciding to discontinue lessons.
 - For fall and spring sessions, I understand that if I fail to notify Painter's Palette, I will be financially responsible for the next month's tuition. I am also aware that during the fall / spring sessions I may not quit during the months of May or December.
 - For summer session, I understand that new students may take two lessons before they are obligated to continue the twelve-lesson course. At that point, they may notify Painter's Palette and receive a partial refund and not be responsible for the remaining two months. If Painter's Palette is not notified, the student will be responsible for the remaining two months.
- Unless Painter's Palette is notified, my lessons will continue after the Christmas break with the same class time.
- Painter's Palette will not be held responsible for ruined clothes.
- My child will know what his or her budget limitations include.
- Painting supplies are not included in the tuition for lessons.
- The monthly fee is averaged out for convenient payments rather than one large payment for the entire session. I understand this and will not ask for less than normal fees because of holidays, exhibit, etc.
- I understand make-up classes must be taken within 2 months, and I may not quit and use my regular class time for any make-ups I may be due.
- If possible, I will call when I know I will not be attending class.
- I know I am not to leave students until I know the studio is open and young children are to be escorted inside.
- I understand an assistant may be used.
- Registration/studio fee is payable three times during the year the first of January, June, and September.
